

NEKTAN

Nektan Game Performance Report Q2: 2015

Period: Apr to June 2015

This report was produced internally at Nektan using methodology tested and approved by NMI, a testing facility approved by the Gambling Division of the Government of Gibraltar.

Our Random Number Generator and all of our slot and table games have been independently tested and certified by NMI.

The pay-outs per category of game is shown below and reflect the percentage of player winnings to the amount of player wagers for the period.

Game Type	% Return to Player (RTP)
Slots	96.25%
Table Games	97.55%
